Once upon a time.
The Kingdom of Sardinia faced dark times. The lands of the Italian peninsula had long been in conflict, but with the disappearance of his one true love, Prince Carlo was truly lost. The Queen knew her country could not long survive without its royal family.
And so she called upon all unwed princesses from across Europe for a simple contest for her son's hand. She sought a woman who was refined, untouched, and deeply sensitive.

GIANT SIZED FIRST ISSUE!

In 1999, time broke and the CALAMITY CREATURES arrived. Creatures from a desolate tomorrow, it took mankind no time to start battling them, and even less time for it to turn into the largest for profit sporting event since the UFC: Creature Corps.

Dusty Gotem was 14 years old when he became Creature Corps world champion... and then walked away in disgust. Seventeen years later, he's in hiding—until a time quake strikes and leaves his mother injured with massive medical bills.

There's only one way to save her: reunite his team, and become Creature Corps world champion again. Let the games begin.

Created by **CURT PIRES (FIREBORN, LOST FANTASY)** and **JOK (51). CREATURE CORPS** is a fresh and irreverent remix on the creature battling phenomena of the '90s mixed with the sharp ultraviolent satire of The Boys.

COVER B: BOOSTER BUNDLE - contains a polybagged secret cover of CREATURE CORPS #1 as well as one of five random trading cards from the CREATURE CORPS TCG. Including a chance to win a holofoil chase cards!

FIFTEEN YEARS AFTER THE DEVIL OF WOODSBURGH VANISHED, EVIL RETURNS TO TOWN...
Having rid itself of the terrible Devil of Woodsburgh, the thriving former mining town has seen the sun shine again for fifteen years... until the arrival of a new **Lady Hellaine. Rory**, accompanied by **Joel**, is all grown up now, and ready to open her factory. But her arrival hides a secret: Electric Sumac is spreading through the streets, a strange drug that makes humans unusually strong and dangerous... something Rory and Joel are determined to stop at any cost, knowing all too well that its mysterious origins are decidedly not of this world. Meanwhile, **Sheriff Bancroft** seems to have returned as well, to settle the scores his father left behind. Could Rory end up caught in the middle...?

The long-awaited sequel to the international hit **MERCY** is finally here! No God. No blood ties. Nothing. Chance brought us together.
And from that chance, a bond was born. The memories of that body gave her feelings... real ones. **Maternal.**
It could have ended there... if only **Goodwill** hadn't gone mad with jealousy.
He made me the **monster** I am now, even though he left me free to still be myself.

SPIES & ESPIONAGE, ACTION & ADVENTURE, SCIENCE FICTION				

FROM THE WORLD OF WE'RE TAKING EVERYONE DOWN WITH US!

Following the breakout spy-fi black comedy hit of last year comes the prequel story no one asked for. Meet Agent Rook. He's young. He's idealistic. He's learning how to be a good spy. And the first rule of being a good spy? Trust no one. The second rule? Drink to excess.

From series creators **STEFANO LANDINI *(Daredevil, Prodigy)*** & **MATTHEW ROSENBERG (IF DESTRUCTION BE OUR LOT, SPAWN)**, and brilliant artist **JOSH HOOD *(We Can Never Go Home, Star Trek)*** comes the saddest story about the worst guy.

Plus: A short story about Queen Annalise and how unbelievably boring it is to be queen.
