Nothing happens until the Judge's voice--as even as a spirit-level--asks...

What do you do now?

I'd presume "panic."
Maybe me five years ago would have, but...

...I think back to being a student and seeing *that* crash.

A bike went under a bus.

Everyone was freaking out, but a woman, not much older than me, just stepped in and got things done.

What did she have that I didn't?

A kid.

I remember talking to her afterwards: "My life right now is blood and poop and horror."

I was just shaking.
I never believed that could be me.

Turns out,
I was wrong.

Who
is he? Why
is--

Later.
Puppet
them.

Get
everyone to
the con.

I'll
hold him
off.

At last! Now
you are Bear-
daughter!

A
clash of
claws!

A
fight!!

It turns
out getting
involved is
overrated.
