REGGIE CIDE

...and, in that way, stay safe.

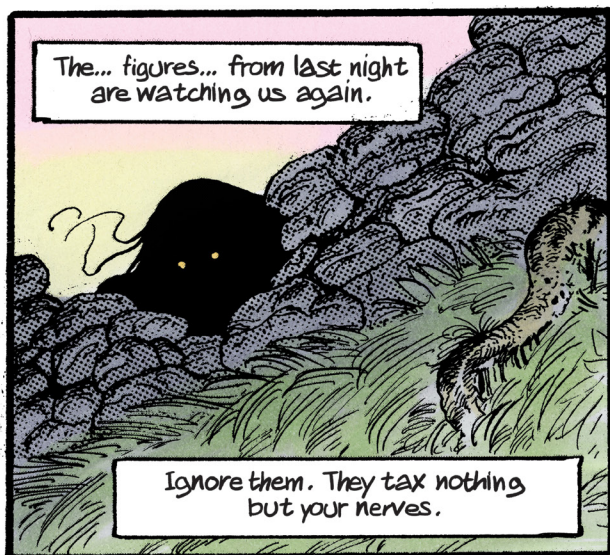

In the simplest terms,
everything in this place is
corrupt and everyone is a thing.

Now stop wasting time, farmhand...

...We have business.

The... figures... from last night
are watching us again.

Ignore them. They tax nothing
but your nerves.

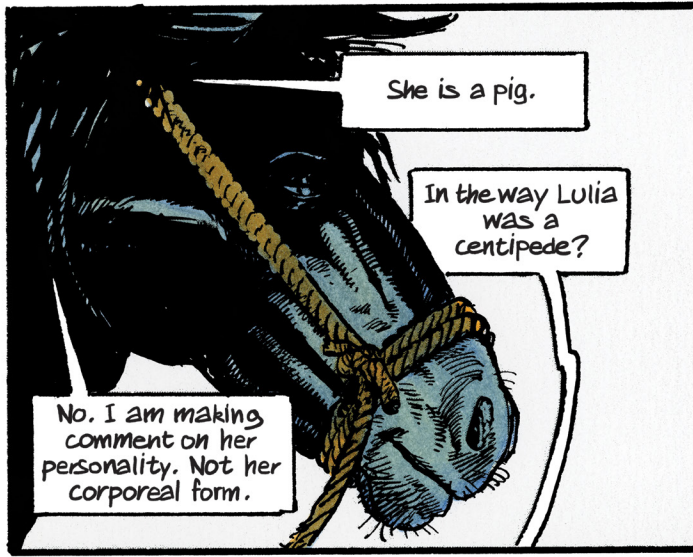

My nerves,
you say.

Why don't you tell me what to expect? What does this Romina—

Rodica.

What does Rodica have in store for us?

She is a pig.

In the way Lulia was a centipede?

No. I am making comment on her personality. Not her corporeal form.

I am interested in the ways she can hurt us.

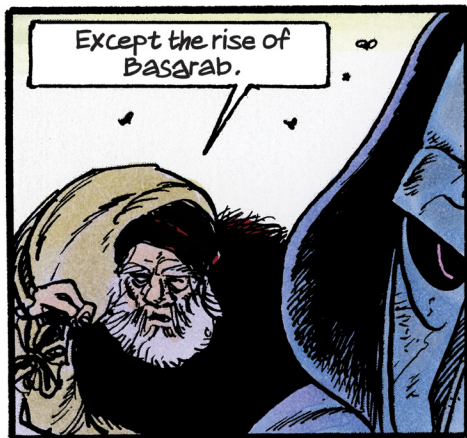

She will not hurt us, Mihas. I will not allow such a thing.

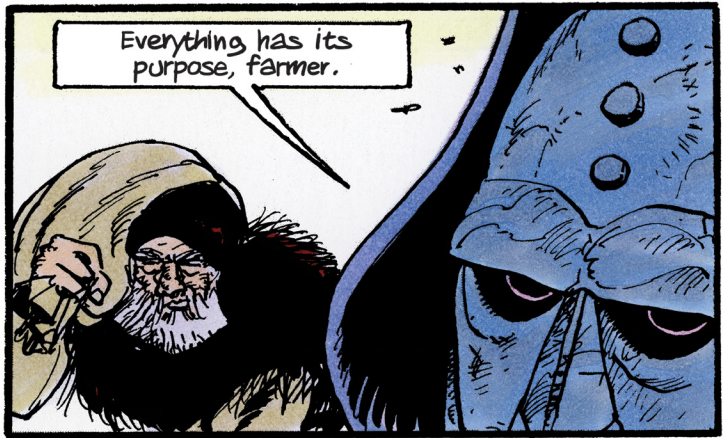

You said she would send her minions.

Doubtlessly. And they will try to kill us.

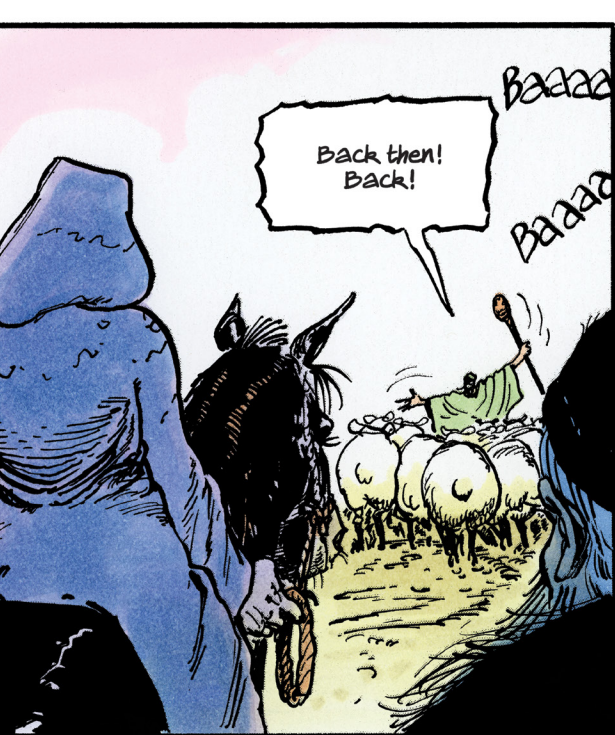

But I am Doru, and nothing in Țara Rumânească happens without my knowledge or permission.

Except the rise of Basarab.

Everything has its purpose, farmer.

Back then!
Back!

Baaaa
Baaaa

Aye! Aye there!
How can we help?

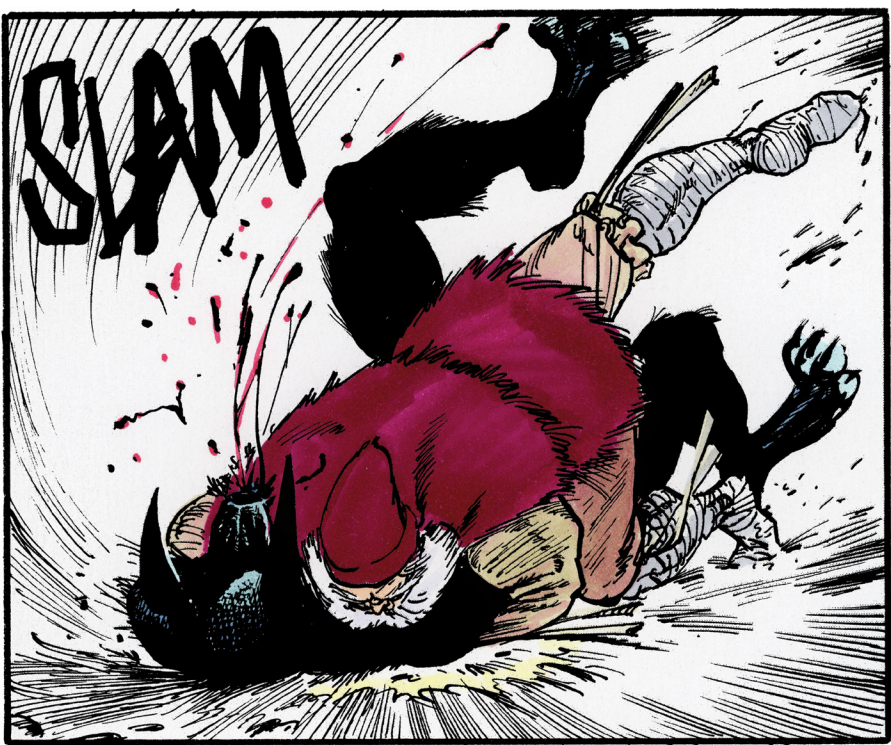

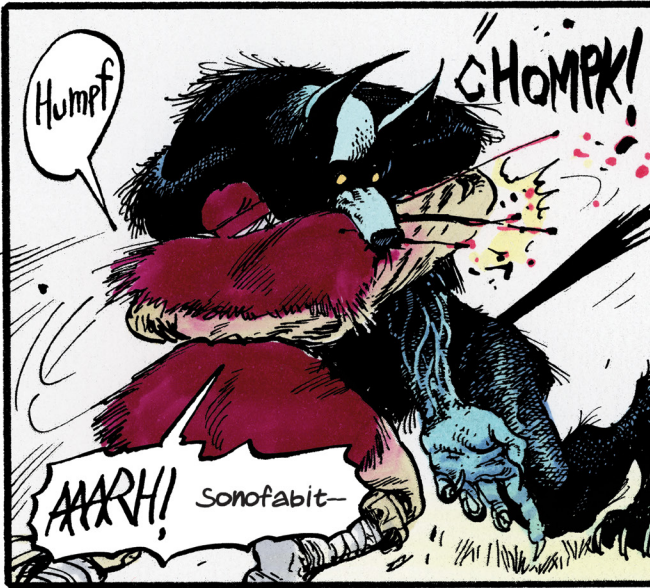

Don't offer my
services.

Baaaa

Unnatural thing!
You can't have any!
Back to where you came!

I don't care who sent you!
Tell her we need to eat if we're
to pay her taxes!
